

TITLE **Tradewell Fellowship**

CATEGORY Architecture

JOB DESCRIPTION **Overview**

At Page, we promise design that makes lives better. We're actively seeking talented people to join an empowered employee environment. Page provides architecture, engineering, interiors and consulting services on large, complex projects around the world. We credit the success of our projects that build communities to the global diversity of our people's backgrounds and experiences. We're seeking highly creative, committed team members to help us deliver on our promise of making lives better through design. As our market sectors and services grow, we continuously add new opportunities. Will you join us?

### **Responsibilities**

Page is currently seeking applications for our Tradewell Fellowship program beginning in June 2025. This is a one-year program in front-end Healthcare Planning and Design in one of our participating healthcare offices. The opportunity provides focused, fast-tracked exposure to collaborating with clients and thought leaders, positioning tomorrow's healthcare planners and designers for rapid career advancement to design, build, and heal. The fellow is provided the opportunity to work with senior planners and designers on a variety of healthcare projects, ranging from initial master planning efforts to design, while gaining exclusive exposure to clients and consultants. Fellows also benefit from the unique experience and career guidance that comes from working with leaders in the healthcare industry and having access to in-house educational presentations and the network of past Tradewell Fellows. The ideal fellowship candidate is a dedicated professional who desires to be a lifelong learner and mentor to others in the healthcare architecture industry. To develop expertise in an area of their interest, the fellow will select a topic related to the design of healing spaces and create a body of work suitable for presentation and/or publication during their fellowship year. The fellowship includes employment with Page and attendance at a relevant conference of choice related to healthcare planning, design, and construction. The Tradewell Fellowship has produced many talented healthcare planners and designers, and this tradition is integral to Page's culture. Multiple Tradewell Fellowships may be awarded, based on merit, in separate participating healthcare office locations.

QUALIFICATIONS **Job Requirements**

At the commencement of the Tradewell Fellowship, the applicant must hold at least an NAAB, CACB, or NAAB substantially equivalent accredited first professional degree in Architecture. Applicants must be legally authorized to work in the US for the contiguous 12-month period. The Tradewell Fellowship typically follows a June-to-June cycle. However, there is some flexibility for those who need to begin in May or July. Knowledge of Revit and 3D software is preferred. Effective communication, organization, and presentation skills and the ability to work in a fast-paced, challenging work environment are necessary. Prior internship experience is preferred. Understanding LEED principles is a plus.

## Application Timeline

Completed online application and all supporting materials must be received by midnight on Monday, January 6th, 2025.

Shortlisted candidates may be asked to participate in a brief video conference interview scheduled by the first week of February 2025.

## Application Submission Requirements

- Complete online application
- Upload the following files to the link given below;  
<https://pagethink.egnyte.com/ul/TSnHolBqOx>  
(Save each file with your name and file name (Ex: YourName\_DesignWork), maximum 10mb file size for each file.)
  - **Resume** (one page)
  - **Statement of Intent/Purpose**
    - In 35 words or less, describe how you see the Tradewell Fellowship impacting your journey in healthcare architecture.
  - **Location Preferences**
    - Download the "Location Preference" document found on the Tradewell webpage (<https://www.pagethink.com/tradewell-fellowship>) to rank your top three (3) location preferences for consideration.
  - **Personal Essay**
    - In one page or less, write about your general architecture and healthcare architecture accomplishments that have influenced your interest in healthcare design and explain why you would be a good fit for the Tradewell Fellowship.
  - **Design Work**
    - A compilation of images and text that represents your design work.
    - Showcase multiple projects.
    - Maximum of 10 pages, no larger than 11"x17."
    - Images may include (but are not limited to): models, presentation boards, freehand drawings, illustrations, computer drawings, photographs, renderings, etc.
  - **Three (3) Reference Letters**
    - Minimum of one (1) from an academic source is preferred.
